

LED Surround Vision Screen

It is with a full 360 degree view of video in HD resolution and suitable for advertising and broadcasting in shopping mall, exhibition, enterprises etc.

Features

1. High Resolution, brightness, color uniformity
2. Easy moving & maintenance
3. Long use life
4. Low power consumption
5. Direct display with multimedia devices such as DVD player, TV etc.
6. Indoor & Outdoor use

Specifications

Name	360° LED Surround View Screen		
Type No.	ECS-360A/B		
Pixel Configuration	SMD		
Brightness	2000mcd/m ²		
Pitch	2.5*2.5mm		
LED Parameters	Wavelength range	Wavelength range	Brightness scope
	R	615—630nm	400—800mcd
	G	515—525nm	1400—2000mcd
	B	465—475nm	350—550mcd
Screen Size	1.2*1m		
Body Size	1.4*2m		
Display Area	3.5m ²		
Power Consumption	1500W (max)l		
Viewing Distance	0-50m		
Power Supply	AC220V/10V, 50/60Hz		
Using life	>50000 hours		
MTBF	50000 hours		

Display Color	256×256×256, 16700000 colors
Brightness Adjustment	128 grades by software
γ Emendation	Non-linearity γ emendation
Frame Frequency	60frame / sec
Refresh Speed	720frame / sec (max)
Data Transmission	Computer synchronization Multimedia devices direct play
Data Interface	VGA, DVI, S-Video etc.
Data Transmission Medium	Super 8 five core UTP
Working Temperature	−0℃—30℃
Storage Temperature	−20℃—60℃
Working Humidity	≤90%
